AMENDMENT RESPONSE

Dear Sir:

In response to the Office Action dated June 19, 2002,
please amend the above-noted application as follows:

IN THE CLAIMS

Please amend claims 1 through 13 and add claims 14 and 15
as follows:

1. (Amended) A multiplexer circuit for switching a
selected one of a plurality of current inputs carried by
respective input lines to a common output, said circuit
comprising, for each input line:

a diode clamp comprising first and second clamp terminals
and first and second clamp diodes arranged in series with the
same polarity between said clamp terminals; and
